Who Are We Serving?

2023 Unhoused Population Demographics in Albuquerque. Data from the New Mexico Coalition to End Homelessness's Coordinated Entry System.

Housing Stability and Homeless Services in Action

Data from April, 2024

*Actions on illegal camping: Actions included outreach and citations on public and private properties. The injunction allows the City to move illegal camps on public land if campers are blocking rights of way, are on school property, or in parks with children's programming. For all other public land, the city offers a shelter bed and personal storage and if those offers are refused, a 72 hour notice to vacate is given. Campers are required to leave private property immediately upon owner's request or if no trespassing signs have been posted.
